ALUMINIUM FURNITURE SYSTEMS

DESIGN YOUR DISPLAY CABINET YOUR WAY

1 Structure layout

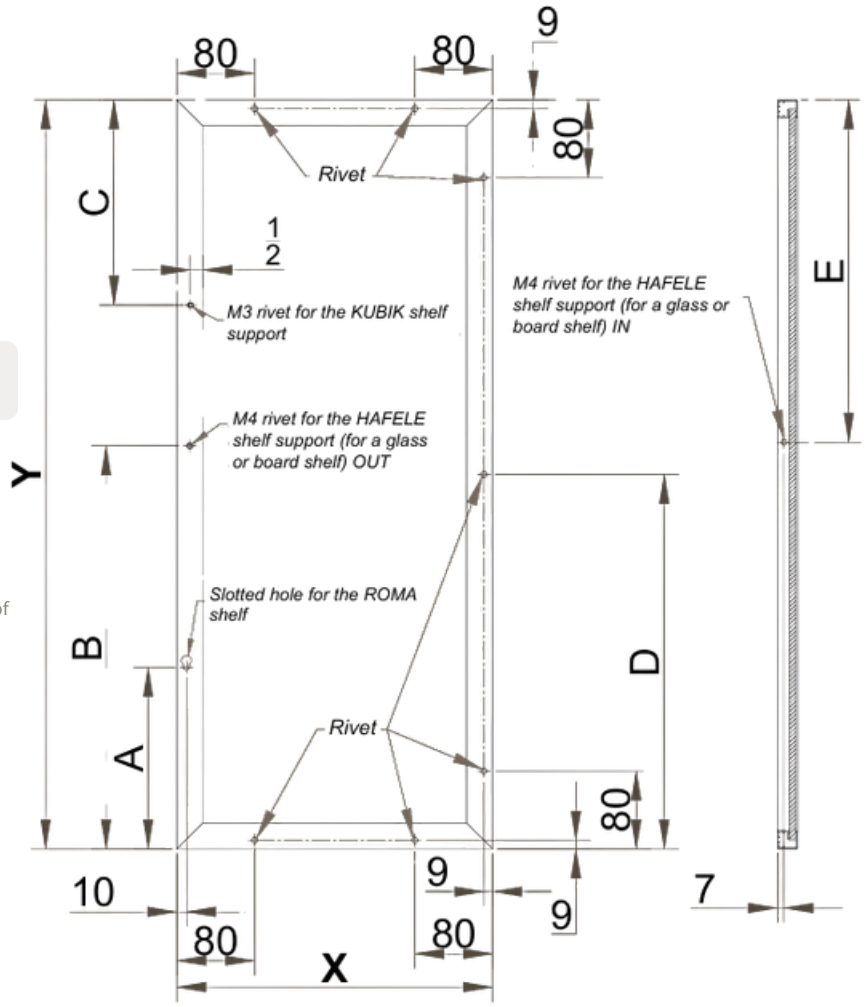
- ☐ Option A: 1 fixed side panel + aluminium-framed door
- ☐ Option B: 2 side panels (left + right) + aluminium-framed door

2 Hinge type and frame profile

- ☐ Standard hinge: → VERONA profile, BRW profile, VIVARO profile, TREVISO profile
- ☐ Hidden hinge: → ROMA profile, TREVISO profile (requires a panel thickness of at least 22 mm)

3 Board thickness

Confirm the thickness of the board used: ____ mm



4 Drilling in the fixed panel

As standard, holes are drilled 80 mm from the edge of the frame (top, bottom and side/vertical crossbar), with additional fixing points along the left-side "D" vertical crossbar at intervals of approximately 300–400 mm.

Maximum dimensions:
X: 600 mm, Y: 2750 mm

- ☐ M4 drilling HÄFELE
- ☐ M6 drilling ITALIANA FERRAMENTA

5 Shelves and mounting hardware

Select the shelf type and specify the quantity and spacing:

☐ Glass shelves
Number of shelves: ____ pcs.
Mounting heights / spacing: ____

☐ ROMA shelves
Number of shelves: ____ pcs.
Mounting heights / spacing: ____
